PUBLIC SERVICE  
COMMISSION

Dear Ms, O'Donnell,

I have been discussing the above referenced case with your staff regarding information to be supplied for the support of our request.

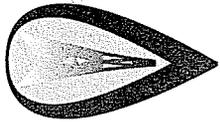

Nami Resources is an Oil & Gas Production & Exploration company with more than 700 Producing wells, Gathering lines, and approx 160 "Farm Tap" accounts being served within these systems. Time sheets from the field personnel do not always accurately reflect the time spent for these customers, since their primary titles are well tenders and compressor operators.

Our request for an increase in rates should be set aside until better documentation can be achieved.

Sincerely,

*Joe Caldwell, VP. Corp. Dev.*

Joe Caldwell
